

California Teleconnect Fund (CTF)– Service Discounts Certification Application

Instructions for Applicants:

Applicants shall provide all information required on the application and return the completed application to the Commission for review. If applicants are applying for discounted services under more than one entity type, a separate application form is to be used for each entity type. Service under the discounted rates is not available until the application has been reviewed, in the order received, by the California Public Utilities Commission (CPUC) staff.

The Telecommunications Division will notify eligible entities, in writing, of the status of their application. The specific date of eligibility will be date stamped on your application, which will be returned with the notification letter. Applicants should then contact their service providers to receive service using the notification letter as proof of eligibility. Confirmed eligibility does not automatically establish participation. All participation is subject to the availability of program funds, which are administered on a first come, first served basis. If applicants add to or change subscribed services after they start participating in the program, they must inform the utility customer service representative at the time changes are made of their participation in the CTF program. This information is necessary to ensure accurate claims information and timely program payments.

Applicants are responsible for notifying the CPUC of any change in any statements attested to in the application within 30 days from the date of the change. This notification shall be accomplished by filling out a new certification application, along with any required attachments, and a brief explanation of the change. All applications and any notifications of changes shall be mailed or hand delivered to the CPUC, Telecommunications Division - Attention: California Teleconnect Fund, 505 Van Ness Avenue, Third Floor, San Francisco, CA 94102. Upon receipt of information regarding changes, the staff will evaluate whether the customer still qualifies for the California Teleconnect Fund discounts.

Effective May 8, 2003 the new process simply requires you to contact your service provider, inform the customer service representative that you are a CTF participant and ask that eligible services be added to your account and receive CTF discounts. You will be required to provide your CTF application number and the carrier may request that you provide a copy of your eligibility letter from the Commission. If you are unsure of your CTF application number, you can find the CTF application number on the Commission's website at:
